

Digital Media Player Software - DMP

Converts any PC Hardware into a Digital Signage Player

Our Digital Media Player Software (DMP) converts any PC based hardware platform into a Digital Media Player for Digital Signage Application to be centrally controlled via our Digital Media Server WEB based CMS Software. DMP Software is based on Linux and therefore absolutely robust and virus resistant for 24/7 operation. Multi-frame layouts supporting multiple content elements mixed together for easy creation of your own Information Channel.

Features:

- > Scheduled Playlists
- > Multi Frame Layout Support
- > DMP software based on Linux
- > Software Watchdog for 24/7
- > Secure HTTPS Synchronisation
- > Text Ticker incl. RSS Feed
- > HTML Frames
- > Flash Animation
- > Graphic formats JPG, PNG, GIF
- > Support for Video Player
- > Support for PPT, XLS, DOC, PDF (in preparation)
